13) The next screen outlines the contract that students must abide by when registering for any college courses. This statement summarizes that **students are accepting all academic and financial responsibility** for their courses when they choose to register. It is important to understand that if your financial aid application is in progress or has not been completed, you are the one responsible for the cost of those courses and will accept the responsibility of the costs incurred if your FAFSA does not get finalized or if it does not cover all costs. If you have any

doubts about your financial obligations and how that will affect your situation, please speak with a Student Success Advisor or a Financial Aid advocate before registration.

Fall 2020

By confirming this registration, for any semester, I am accepting any financial and academic obligations incurred as a result of this transaction. Failure to pay will result in my debt being referred to the State of Minnesota collection agency (Minnesota Department of Revenue, Collection Division) or a private collection agency. If this happens, I agree to reimburse the fees of any collection agency, which may be based on a percentage at a maximum of 40% of the debt, and all costs and expenses, including reasonable attorney's fees, incurred in such collection efforts.

I also authorize the college or university, and their respective agents and contractors to contact me regarding my debt request, including repayment of my debt, at the current or any future number that I provide for my cellular phone or other wireless device using automated telephone dialing equipment or artificial or pre-recorded voice or text messages.
